WASHINGTON, D. C.,
March 16, 1935.

REPORT TO THE PRESIDENT

The PRESIDENT,
The White House.

SIR: This is a report on an amendment to the Code of Fair Competition for the Men's Neckwear Industry.

Article V was amended by deleting paragraph A of Section 1, and all of Section 2 and substituting a new paragraph and a new section therefor, providing for the election of alternates for members of the Code Authority.

An opportunity to be heard will be afforded all interested parties and all objections will be carefully considered by the National Industrial Recovery Board. The National Industrial Recovery Board has carefully considered the reports of the Industrial Advisory Board, Labor Advisory Board, Consumers' Advisory Board, Research and Planning Division and the Legal Division of the National Recovery Administration, which were made on this amendment.

The Deputy Administrator in his final report to the National Industrial Recovery Board on said amendment to said Code, having found as herein set forth and on the basis of all the proceedings in this matter:

It finds that:

(a) The amendment to said Code and the Code, as amended, are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of Industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of Industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code, as amended, complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Sub-section (a) of Section 3, Sub-section (a) of Section 7 and Sub-section (b) of Section 10 thereof.

(c) The Code empowers the Code Authority to present the aforesaid amendment on behalf of the Industry, as a whole.

(d) The amendment and the Code, as amended, are not designed to and will not permit monopolies or monopolistic practices.

(e) The amendment and the Code, as amended, are not designed to and will not eliminate or oppress small industries and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to effective date of said amendment.

For the above reasons, this amendment has been approved.

For the National Industriay Recovery Board:

W. A. HARRIMAN,
Administrative Officer.

MARCH 16, 1935.
